DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 5-8 and 13-24 are rejected under 35 U.S.C. 102(b) as being anticipated by Csaszar (U.S. 4,907,708). Csaszar teaches a closure 1, shown in figure 10, having a top wall, a skirt 11 and a tamper indicating band at 12. The frangible webs are elements 14. The annular step is shown at 7a. The tamper indicating bead is shown at 7b. The finish bead of the container is element 16.

Response to Arguments

3. Applicant's arguments filed August 8, 2003 have been fully considered but they are not persuasive. Applicant argues that Csaszar (U.S. 4,907,708) does not anticipate the claims. The examiner disagrees with this position. Csaszar teaches a closure with an annular step at 7a and a tamper indicating bead at 7c. The finish bead of the closure is element 16, which has an upper portion and a lower portion. The annular step at 7a operably engages the lower portion of the bead when the closure is being applied to the container. The tamper indicating bead at 7c is positioned below the finish bead, as shown in figure 5. Csaszar teaches the limitations of the claims, to the degree set forth in the claims.

In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
